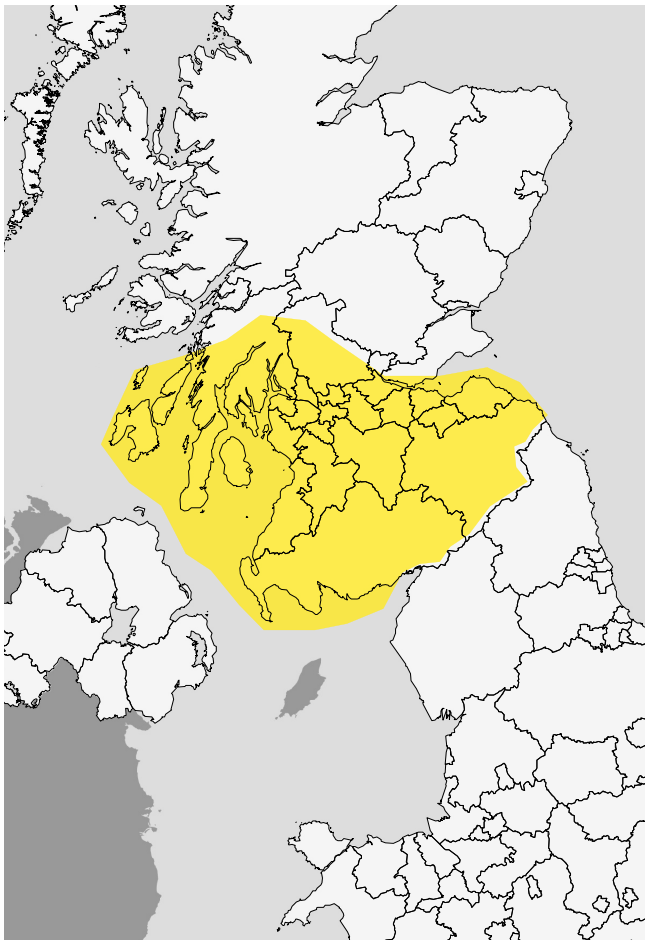
Yellow warning
Rain & Wind

Between
09:00 Sat 15 Feb 2020 and
18:00 Sat 15 Feb 2020



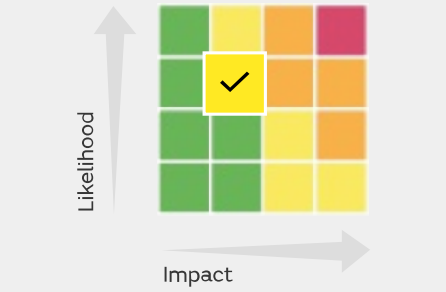
Strong winds and rain may lead to some travel disruption on Saturday.

What to expect

- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer
- It's likely that some coastal routes, sea fronts and coastal communities affected by spray and/or large waves
- Delays for high-sided vehicles on exposed routes and bridges likely
- Probably some bus and train services affected, with some journeys taking longer
- Some delays to road, rail, air and ferry transport are likely
- Flooding of a few homes and businesses is likely

Further details

A band of rain and strong winds will move eastwards across southern and central Scotland on Saturday. South to southwesterly winds will gust to 50 to 60 mph along exposed coasts and over high ground. In addition some heavy rainfall is expected at times with accumulations of up to 40 mm on high ground. Coupled with snow melt this may lead to some local flooding.



Medium likelihood of low impacts
